

## **Manning Great Lakes Woodworkers Inc. WH & S** **Policy**

**Manning Great Lakes Woodworking INC aims to create a safe, secure and happy environment for its members while working at the club premises.**

**This is achieved through the following means**

- **A Work Health & Safety Committee to oversee safety at the club premises**
- **The availability of Safety Operating Procedures for all equipment**
- **Training on the use of all equipment for all members prior to first use of equipment.**
- **All new members to be provided with induction training that outline general safety training for working in the workshop.**
